# How familiar were you with the State-of-the-field assessment report before today?

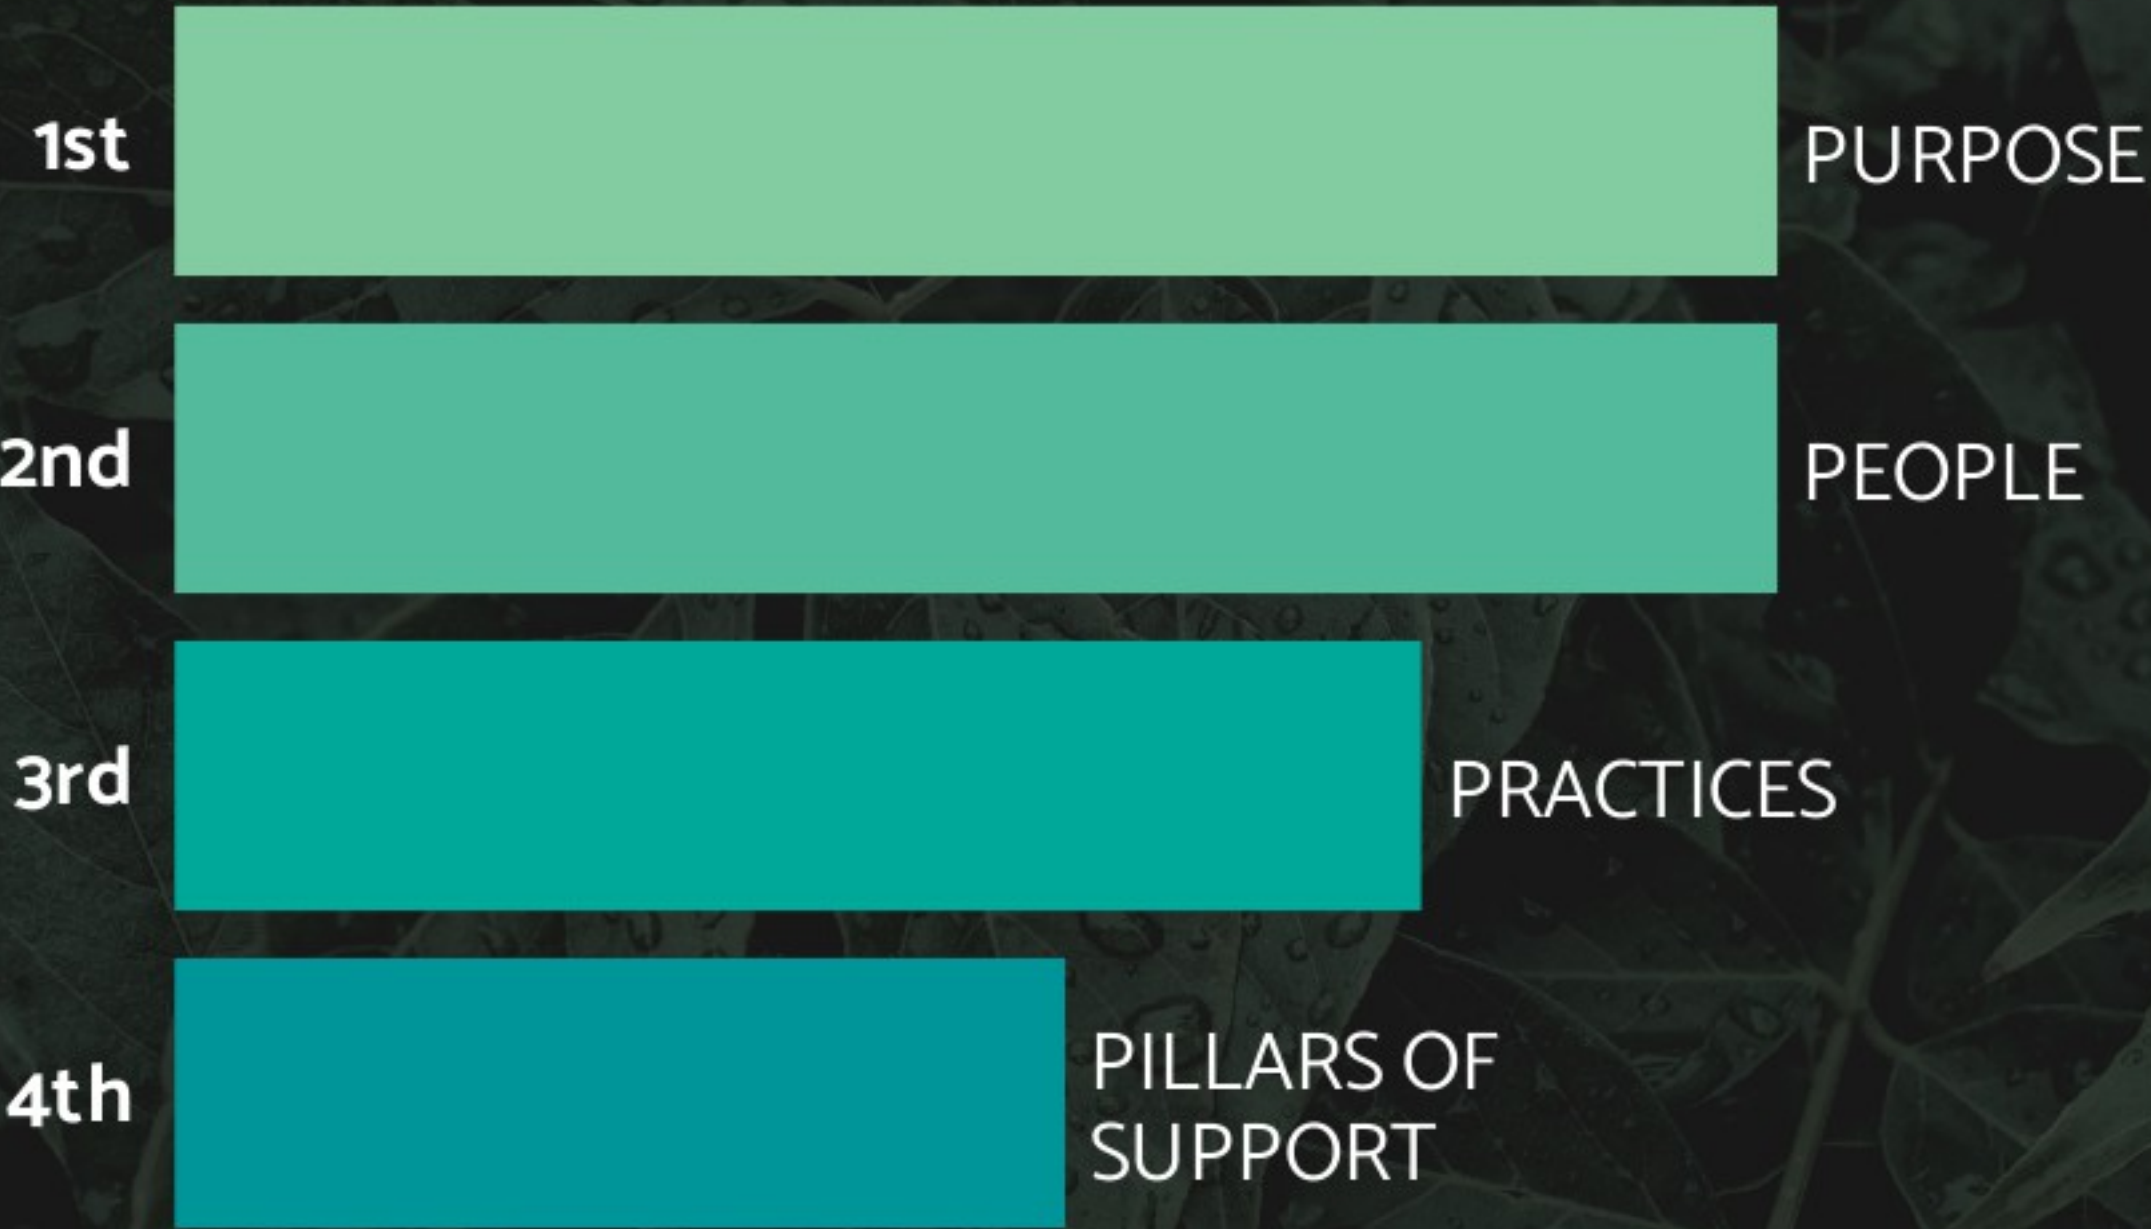

# The current state of the US adaptation field

# What has most shaped the adaptation field over the past 2 years?

Over the past 2 years, where in the adaptation field have you seen the most growth?  
(rank: 1 = strongest growth; 4 = weakest growth/decline)

# What do you feel you most need to help make a difference?

# What do you most want from today's gathering?
